

BASICEDU

Development of Model for Strengthening Competences of Disadvantaged Women through Basic Education

2nd Newsletter

May 2022

The **BasicEDU** partnership has been very busy since our last newsletter!

On March 24 and 25 we held a transnational project meeting in Velez-Malaga (Spain), where we had the opportunity to discuss the results of the IO2 of the project, a **Mentoring and Empowerment Programme** for mentors who will soon work with disadvantaged women.

This LTT **Programme** of the project was finalised in Innsbruck (Austria) on 5, 6 and 7 April, in a training where 3 trainers from each partner organisation participated: Ondokuz Mayıs University (coordinator institution) and Canik Education Agency from Turkey; Compass GmbH from Austria; Oaza Sigurnosti from Serbia; ZiB-Zentrum für interkulturelle Bildung und Arbeit e. V. from Germany; and Asociación Caminos from Spain.

The LTT **Programme** consists of 5 training modules specially designed to improve the key competences of disadvantaged women:

- ▶ **Module 1:** Learning to learn.
- ▶ **Module 2:** Communication and language.
- ▶ **Module 3:** Mathematical competences.
- ▶ **Module 4:** Digital competences.
- ▶ **Module 5:** Labour market orientation, job search tools and strategies.

It was a very enriching training, and soon we will have the opportunity to carry it out in each of the partner countries.

Coming soon...

We have already started working on the IO3 **BasicEDU Empowerment Activity Book** of the project, which will contain inspiring stories and success experiences created by the women participating in the project.

Stay tuned!
