

## What is Play Europe?

Play Europe is an initiative combining 6 educational games under the KA2 European project MEGA GAME, providing knowledge about the European Union for young people. The games are designed in a fun, engaging, and informative way that allows for all participants to learn and grow together. Participants find out how the European Union contributes to their own daily life and how they can make sure their voice is heard among European citizens.

## what are we offering?

As part of the project we are developing 6 games that will enable young people to learn everything about what the European Union is, how it works and how it influences their daily life.

## What topics do we explore?

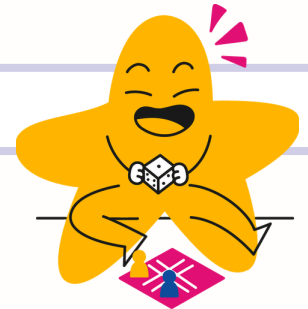

EU values and history, decision-making and voting in the EU, the EU in our everyday life, diversity within the EU and European cultures, and the EU and climate change

## What results will there be?

6 games for young people, 1 handbook for professionals, additional explanatory videos, national training and events in all four partner countries.

## Game methods

- 🔒 2 escape games
- 🎲 1 board game
- 🃏 1 card game
- 🎭 2 LARP games  
(live action role play)

## The impact of our actions

Throughout the project, we are directly working with professionals and young people to improve European education.

## Who is going to benefit?

- Young people, aged 16 to 22, who want to learn more about the European Union
- Teachers and youth workers, who want to improve their learners knowledge about the European Union
