PASSIONPRENEURS Training Programme is now ready!

We are glad to inform you that the English version of the PASSIONPRENEURS Training Programme is now [available online](#). The programme is targeted at people with social, economic or learning difficulties and aims to help them get acquainted with social entrepreneurship, identify own talents and passions, develop entrepreneurial skills and plan key stages of an entrepreneurial project, as well as obtain the experience of team work and peer learning.

The programme is meant for 20 hours of offline training allocated within 5 weeks. The current version of the programme will be piloted in 2021 in each partner country (Germany, Sweden, Lithuania, Italy, Spain, Cyprus, Greece) and then adapted, if the need arises.

Check out our [training programme](#) and share your feedback with us by sending an e-mail to nprystrom@vhs-cham.de or via our Facebook group

Celebrating Social Enterprise Day together

On November 19, the PASSIONPRENEURS team celebrated Social Enterprise Day by joining the #WhoKnew initiative. #WhoKnew is a digital campaign of Social Enterprise UK that has already spread all over the world (in 2019, more than 30 countries took part in the event reaching 7 mln people only on Twitter). Its goal is to make the work of social enterprises more visible and highlight the value they bring to society.

The Social Enterprise Day is a part of the Global Entrepreneurship Week and falls on the third Thursday of November. Mark the next date (November 18, 2021) in your calendar so as not to miss it!

Other photos prepared by the PASSIONPRENEURS team within the campaign can be found in [our post](#).

Want to train others – train yourself first!

The PASSIONPRENEURS team also celebrated Social Enterprise Day by getting together – albeit only online. On November 17-19, Centre for Social Innovation (Cyprus) conducted a Training of Trainers for project partners.

During the event, the partners got a deeper insight into the European perspective on social entrepreneurship, discussed the role of a trainer in entrepreneurial learning, tried out the methodologies used in the training programme (IKIGAI, pitching, appreciative inquiry, peer coaching, etc.) and agreed upon the ways to pilot it.

Merry Christmas and a Happy New Year!

2020 has been by all means a challenging year. We do hope that next year will bring more normality, and we will be able to focus on important things: how we can help the less fortunate and bring about positive change in the world. We wish you resilience, togetherness and new inspirations in 2021!
